

## Maths Home Learning Grid Year 3

Please complete as many as you can whilst you are home learning. These have been designed to be practical and open ended for you to have fun completing.

Practise your times tables (2, 5, 10, 3, 4 and 6 !) in any fun way you can.	Practise adding 2 digit numbers – you can roll a dice to generate the numbers.	Write a multiplication sum- eg- $3 \times 6$ and draw different ways to show this	Practise playing shops and using money to find totals and change.	Do a survey of your family's favourite films/sweets and complete a bar chart to show the data
Roll a dice 3 times to make a 3 digit number and identify the hundreds, tens and one by drawing them.	Practise subtracting two 2-digit numbers using the column method.	Share out practical sweets or draw circles and dots to solve division problems.	Practise telling the time to the nearest 5 minutes using watches and clocks around the house.	Make a game with your family involving counting on a back to 500.
Find some numbers round the house and choose 5 to order ascendingly and descendingly.	Play a number bond game with someone to practise all number bonds up to 10 and 100	Find $\frac{1}{2}$ $\frac{1}{4}$ $\frac{2}{4}$ and $\frac{3}{4}$ of numbers, shapes, objects and lengths.	Go on a shape hunt and find all of the 2D and 3D shapes. Name their edges and vertices.	Play some board games that involve counting spaces, adding money or sorting shapes.
Practise writing numbers in words and spelling them correctly upto one hundred	Make number families using + and – and =. You can draw part whole models!	Explore measures by cooking and baking and using different scales.	Count on in tens from any two digit number- you can count as you jump or skip or throw a small ball	Take picture or write down anything you do that involves using your maths skills.
