

RM Easimaths

Accessing from home guidance

1. Open the internet and in the address bar type:

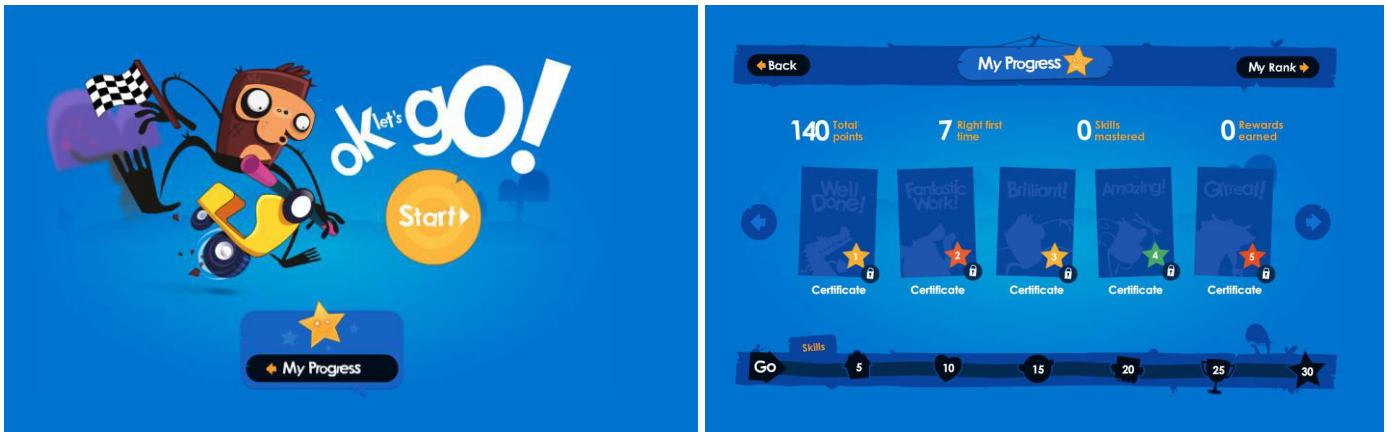

<https://www.rmeasimaths.com/>

2. Once the RM Easimaths website has been opened, click on the Log in icon in the top right corner.
3. Input your child's Log in details (username and password) and click on Login. Your child's login details can be found at the bottom of this guidance.

A screenshot of the login form on the RM Easimaths website. The form is titled "Log in" and is set against a white background with an orange header. It contains two input fields: "Username" and "Password". The "Username" field has a placeholder "@ 203". Below the password field is a link: "Forgot [username](#), [password](#) or [site id](#) ?". There are two main buttons: a blue "Login" button and a grey "Log in with RM Unify" button, separated by the word "OR". At the bottom left of the form is a link: "[Buy a licence](#)". The form is overlaid on a dark background with some faint text and graphics.

- Once your child is logged in, they will see the screen below. Your child can click on the start button to begin a RM Easimaths session or click on 'My Progress' to see how they are doing.

- Your child's RM Easimaths session has been set to the ability they are working at so they are appropriately challenged. RM Easimaths can be accessed on iPads by downloading the RM Easimaths App but it **can't** be downloaded on an iPhone.
